YOUR MAIL IS OUR BUSINESS

# MAIL FRANKING AT THE TOUCH OF A BUTTON

## THE SOLUTION:

# optimail franking machine

### MODERN FRANKING MADE EASY

The new optimail provides big performance in an operator-friendly package. The professional electronic postage meter for 10 to 100 letters a day. Does an excellent job and, with a distinctive contemporary design, looks good doing it.

The clearly laid out keypad controls all metering functions. An easy-to-read display shows meter status. The optimail delivers a range of functions to help you deal with your mailing tasks in an efficient and professional fashion

### COMPACT AND VERSATILE

A compact, fully-electronic franking machine designed to fit into every office environment.

Tracks postage expenses for up to 9 accounts – perfect for different departments or users, for instance office-space cooperatives. Account statements can be printed directly by the machine.

### START THE DAY RIGHT.

Includes an electronic date and time stamper function. Select from five different formats to mark the incoming mail.

**✉ The way to frank today**

Excellent design combined with state-of-the-art technology makes the **opti mail** your optimal office mail assistant.

An internal clock means you never reset the date.

**✉ A crisp clear frank - instantly**

The **opti mail** comes with memory for up to nine different customer-designed slogans/logos. That makes it ideal for office co-ops: print different return addresses, seasonal or even personalized greetings to make every envelope a distinctive advertisement. Maximum impact. Minimum effort.

**✉ Cost accounts included**

The costs printout. Printed directly from the **opti mail**. Lists up to nine accounts, for an instant summary of postage expenditures.

**✉ A first class image - every time**

Made possible by the high-quality ink-ribbon cassette. A spent cassette can be replaced in seconds, and is 100 percent recyclable to help protect the environment.

**✉ Load new postage - Pronto**

The integrated modem enables you to load postage at any time, day or night. Never again take your meter to the post office queue.
