Flexible

The FP-1500+ handles a variety of even panel forms up to 8 1/2" x 14" including checks, invoices, school reports, tax forms and appointment notices. Pressure seal mailers can be used for virtually any application that can be printed on one form.

Durable

The heavy-duty steel construction offers the durability and power expected of a larger unit in a smaller package. A processing speed of up to 5,200 forms per hour enables an operator to complete daily jobs in no time. Plus, the integrated output conveyor keeps processed forms in a neat, sequential order.

Ease of Operation

The FP-1500+ is designed for user-friendly operation. Simply set your folds according to the clearly marked settings on the fold plates, load your forms using the drop-in feed system, press start and you're on your way. LED indicators show power on, fault detection, paper out and cover open. It also includes a six-digit counter and an integrated output conveyor.
